## PERSONAL PROFILE

I am a T-Level Software Development student with experience in Python, JavaScript, HTML, and CSS. Passionate about expanding my technical skills, I am seeking a degree apprenticeship to gain hands-on experience and further develop my expertise. I am a quick learner, highly motivated, and dedicated, with strong teamwork and problem-solving abilities. My goal is to build a career in cybersecurity, with a particular interest in the automotive industry, where I can combine my passion for technology and innovation.

## EDUCATION
